

# Brennan Family Update

There are a few new faces at Brennan and we'd like to introduce them to you.

Mimi Nicholas-Lash

**Mimi Nichols-Lash** has joined the Brennan sales team. She lives in Door County with her husband, Dan. Mimi has many years of automotive sales experience and is excited about joining the Brennan Family.

**Ken Marquardt** is our new Director of Service. Ken was born and raised here in Green Bay and has been married to his wife, Patti, for 30 years. Ken has been in automotive service management for 20 years and enjoys travel and golf.

Ken Marquardt

Brennan Family members Travis and Jamie Glandt welcomed Dayton James to their family

March 14th. That birth is grandchild number 3 for Mike and Patty Brennan. And there's another grandchild picture on display in the Brennan business office. It's Dawn Czerwinski's new grandson, Jesse. If you've got a birthday, anniversary or other special news you'd like to share with the Brennan Family call or email MikeBrennan@BrennanBuick.com to let us know.

### INSIDE:

*Think Quality*

*Take Me Out To The Ball Game*

*Ask Bob Williams "How do I get ready for summer driving?"*

### Turn By Turn Navigation

Every new Buick from Brennan comes equipped with Onstar and 1 year of Onstar's Directions and Connections plan. You probably know about Onstar's safety and convenience features: things like Automatic Crash Notification and hands free telephone. But, did you know Onstar also offers you Turn by Turn Navigation? For real driving confidence millions of people are using GPS devices to help them navigate America's roads. That technology is built into every Buick at Brennan! You simply use your Onstar phone to call an advisor and tell them where you'd like to go. The advisor uploads the best route to your vehicle and through the

speakers and/or the display of your radio you'll get the turn by turn directions right to your destination. So, while other people are spending hundreds of dollars on GPS units, "Turn by Turn Navigation" is included with every new Buick at Brennan!

### These Are A Few Of My Favorite Things

We've all got favorite destinations we like driving to. Maybe it's a restaurant, a park, a theater, a store or mall, a museum or gallery. If you've got a favorite you're willing to share please let us know. Call or email MikeBrennan@BrennanBuick.com to tell us about your favorite and what makes it special. In future newsletters we'll share some of the Brennan Family members' Favorite Places.

## Take Me Out To The Ballgame

If you're like a lot of other Brennan Family members, you enjoy the aroma of hot dogs and brats cooking, the sight of manicured green grass, and the sound of the crack of a bat. It's time for baseball! And with the price of gas there's no need to drive to Milwaukee for a great day baseball.

In Appleton you can take in a Wisconsin Timber Rattlers game at Time Warner Cable Field at Fox Cities Stadium just off highway 41. The Timber Rattlers are a class A affiliate of the Seattle Mariners.

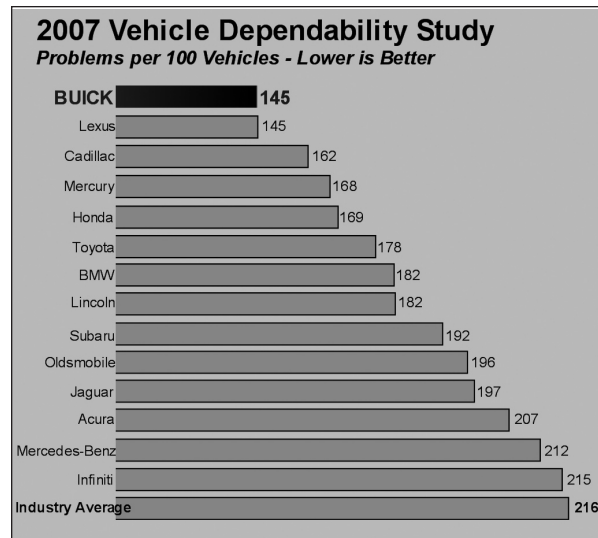

Right here in Green Bay the Green Bay Bullfrogs offer a fun outing for the whole family. The Bullfrogs are a part of the Northwoods League, a summer collegiate baseball league featuring top players from throughout the country. The Bullfrogs play in the newly renovated Joannes Stadium and their home opener is scheduled for May 29th. Both the Timber Rattlers and the Bullfrogs are committed to affordable, fun, fan friendly entertainment and at either stadium you very well might be watching some of the major league's future stars.

## Think Quality

There was a time when imports were thought to be higher quality vehicles than American made cars. While some think that's still the case, the evidence is in!

And Buick is on top! In the latest Long Term Dependability Study by J. D. Powers, Buick and Lexus tied for the highest ranking. Buick outperformed Cadillac, Honda, Toyota, BMW, Lincoln and all the rest! The complete story on this study is available on our website at BrennanBuick.com. Quality is the hallmark of Buick and Brennan Family members can feel confident that they're driving a high quality, safe vehicle that is the recognized leader in long term dependability.

### Ask Bob Williams

Brennan Buick Service Manager

**Q: What do I need to do to get my car ready for summer driving?**

**A:** If you're following your vehicle's maintenance schedule you should not have to do anything special to prepare for normal summer driving. However, if you have special driving conditions such as towing, extensive idling, severe dust conditions, or a long trip in the plans, you may require special maintenance needs. Call our knowledgeable service consultants if you have any questions. By the way, here's one warm weather tip: If your vehicle is equipped with a remote start system you can use it to cool your interior down on hot days just like you use it to warm the car on cold days.

If you have questions call 436-4940 (800-432-4940 toll free) or stop in anytime!
